

Continued Giving at SSLC

Hello SSLC Family!

I wanted to send a quick note regarding giving at SSLC. As long as we are unable to gather for worship in person, we are also unable to collect tithes and offerings during service. However, the unfortunate reality is that even when our building stands unoccupied, it still costs us money to simply exist. On top of that, our council has made a commitment to continue to pay our hourly staff for their typical weekly work during this time whether we are open or not, a wise and generous decision.

Below is a breakdown of what it costs to run our church week-to-week. We have included only our most vital expenses in this figure.

All of this means that we would like to encourage you to keep giving at your normal rate (or more if you are able), online or by mail.

Online giving instructions are attached to this message.

Our mailing address is 14675—37th Street SE, Clear Lake, MN 55319.

I'm sure you, like I, are getting sick of words like "uncertain" and "unprecedented." But those continue to be the best words to describe this time. If the recent run on toilet paper tells us anything, it is that it is all too easy to give into a scarcity mindset in this uncertain, unprecedented moment. And yet, the God we worship invites us to live abundantly, trusting that God will provide every need. Let us live into that truth together, doing our best to hold one another up!

Please don't hesitate to contact me with questions or concerns!

In Christ,

Pastor Angela
